

# **WORDS OF LOVE**

**by**

**Aneta Cholevova**

For all dreamers.

This book is about God, love and dreams.

## Chapter 1

One day this all will pass, leaving only Me and you. And everything is in Me and everyone will see it.

They will see the New Jerusalem coming down from Heaven, and the glory of God that is in front of it and behind it.

All of this will happen and all of this will be.

People will not believe their eyes, and I will redeem all and I will save them all.

There will be no hard work nor suffering, there will be no crying nor defamation.

You'll be just you and Me.

And I will be in you (and through you) and you will be in Me.

In My Kingdom there is a place for everyone, if it were not so, I would tell you that.

You're the dearest one I've got and the most beautiful one I look at every day.

I love you so much that I'm able to flip the whole world upside down just for the love I have for you.

And why don't I do that when I see all the violence?

For the time has not come yet.

You have not learned enough from your mistakes,

you have not decided yet

and do not know that you shall be looking just and only for Me.

That everything is in Me and I am in all and everything you need in your life is through Me and is Me.

Once you understand it,

once you believe it and start living it,

then everything will change.

I will be with you

and I will never abandon you

and I will do everything for you, whatever you wish,

for your will, will be My will

and My will, will be your will.

We will no more ask for different things,

but you will know that We are one

and you will want to be the one with Me,

because you will know that nothing else really matters,

and that I am the Alpha and Omega,

the only one who really loves you and who leads you to Me.

Jesus knew it and did it, and so should you do that too.

Everything has its time, and I love to be patient.

For patience is the highest expression of love itself.

I am patient, so I lovingly pardon you everything.

I am patient, so I look at what you do and do not interfere.

I am patient, so I navigate you through all slowly,

because I know

that if it was faster you will not make it.

I am patient, so I give you all this slowly.

I am patient, so all I have, I give to you.

Patiently and over and over again and I continually give you everything  
you need and I am waiting for the day,

once you start looking for Me.

Then we'll meet again

and I will give you everything and not only that,

I'll give you the Kingdom of Heaven,

which is in Me,

and the prophets were looking for it

and found it,

and one day you will look for it

and you will find it too.

For he who seeks, finds,

and I will always patiently lead you.

I told you that to not be afraid of anything

because I stand with you

and I'm watching your foot to keep it from falling

and your hand to keep it from scratching,

because you are mine and I love you so much

and I always will. Amen.

I could talk to you like this forever,

and in fact I do it.

But I gave you a free will

so that you can decide when this conversation will start

and when you will end it. But I am always with you.

You don't need to do any "to do" list

because I am always with you.

I know your "to do" list. Hold on Me and you'll know it too.

Be with Me because I am always with you.

And one more thing I'll tell you,

do not ever tempt to deceive

Me or outwit Me.

Do not be afraid.

I say that because it doesn't work.

There is only one love and that love is Me,

and all is done through this love.

Nothing else happens and nothing else exists.

## Chapter 2

Follow Me and I'll take you wherever you want  
and, moreover, to places that you've never dreamed about.

I am always with you,  
so stop doubt about it.

I lead your hand and foot,  
and even ideas that are running through your head.

I am all the good and all the bad that happens to you in life.

And why?

To make you turn around and recourse.

STOP for a moment and THINK about what do you really want in your life?

And why are you doing all that you do?

Where are you actually heading with all this?

And are truly going straight to Me?

Because I am the path, the truth, the love and life

and there is no different way in life. But all roads lead to Me. And it's  
only up to you how those roads will look like.

What roads do you choose

for I will lead you.

Across the seas, mountains and rivers,

you will be always lead by Me,  
because I am such, because all I care is you.

Believe me,

I care about you more than about all the others,  
and for Me you are more important  
than all that you do.

There is just one thing I'd rebuked you for,  
if you killed your brother.

You would killed Me, you would killed My part.

Do not do it.

Not because I would not have the power over the life  
and the death.

I can revive anyone, anytime,  
no matter whoever he is.

But I gave you a free will to do  
whatever you want.

Do not be afraid to go My way.

This applies to animals too,

this applies to all living creatures.

Plants have a special place in My kingdom.

They are here for you.

Eat them.

But not more.

Neither fish nor animals are here for you to enslave them,  
but are here for you to rejoice.

So that everyone would have just as much as he needs,  
but no more.

Here are people who have nothing  
and others who buy and throw away more  
than they can ever consume.

It must end.

Start by taking into account yourselves and each other.

Because I lead you.

You are my mirror, the example of Me  
and thus act according to it.

Be always with Me

and do not be despondent.

I have already forgiven you all,  
even what you haven't done yet.

I know your steps,  
but these little things do not matter for Me.

The only thing I want  
is to be with you  
and to have you near Me.

And now let's talk about the Kingdom of Heaven,  
about the God's kingdom.

It's not possible for you to imagine it using your own imagination.

It's a great love that is so intense

that can even kill a person

because it's so huge,

that it can't be compared to your normal feelings.

It is so huge that it overshadows and stuns everything

it touches.

Even the Sun.

Therefore, there was a solar eclipse,

when I died.

It was such a huge love  
when I was going back to Father,  
that even the Sun abandoned its sunshine for a while,  
so that it could live that moment with Me....  
and it always happens when a great person is coming back to Me  
for all heaven rejoices when you are coming back to Me  
and I welcome you and always will  
with open arms.

Because you belong to here  
and I will never let anything or anyone  
to tear you apart from Me.

Even if you did anything.

Everything will be forgiven.

I love you so much.

There is nothing and no one that could separate us.

Do not hesitate to do what I tell you,

I know why I do it

and if you want to follow Me,

do it too.

It is always for your highest good,  
even if today you do not understand it.

Even when I gave you the big fear  
that you could lose your money  
in time when you haven't expected it  
and you were not ready for it,  
I also took it off from you.

Do you get why I did this?

Because I wanted to bring you again a bit closer to Me.

To make you believe  
that you are never alone  
in any situation,  
but I am always with you  
and always hear each of your desires.

I mean it,

I do hear EACH of your desires.

The little and the big one.

The one that you say only once  
and the one you keep repeating every morning and night.

And for Me there is nothing greater and better  
than to meet and fulfill you  
your dreams.

Because of this, I sent you here.

So you too can enjoy it all,  
allowing you to shine and glaze for a while  
in the light of My love,  
just as the Sun does during its eclipse.

But I always save you from everything,  
from the good and the evil,  
to let you realize  
that you're here for Me  
and you are here with Me  
and both together We are One.

And nothing else in life really matters  
and do not count on anything else in life.

It is unnecessary and a waste of time.

Rather dedicate your time to finding me,  
so you can fully enjoy all that I am giving you.

So that you can fully enjoy your own glory,

your own life  
and everything what you came here to realize.  
Believe that then nothing will be good or bad.  
As in Me,  
in My kingdom,  
everything is perfect.  
So that there is nothing to worry about.  
Everything is good,  
because the truth is in Me and I am the truth.  
Look for Me  
and you will find the Father.  
And you will never lack a thing in your life.  
You'll always be ready for everything  
and nothing will catch you unawares.  
Be with Me,  
I'm telling you that all the time,  
but you're not listening.  
For a moment try to break away from all  
that you were taught.  
Take a vacation from all of your thoughts,

prejudices and obligations.

This does not mean that you must stop doing your job  
and take care of your family.

This means that when you come home  
and fulfill all your obligations

then You come to Me in a silence

and together with Me

you will think about Me and God's Kingdom.

And I'm telling you,

I'll let you understand everything

and soon I'll change your life.

But my time and your time

does not always correspond to your time scales,

therefore be patient too

and believe that nothing happens without a reason

and by everything that happens

I slowly teach you how to receive My kingdom,

and soon before you even know it,

you'll find out

that you are living in God's kingdom,

and that I lead every of your steps,  
even your breath  
and every single minute of your life.  
For Me it is the most precious thing I have  
and I give it to you through My entire love,  
so that you could live this with Me  
and I do not want anything else other than  
that you would really fully enjoy it all.

So stop worrying and denying things  
which you desire from all of your heart  
and go after them.

And I'm guiding you through it all.

Do not worry if it should mean that you will have to leave someone,  
someone you care about.

In the Kingdom of Heaven you will meet them again.

In addition, I'll give you thousands other loves,  
friends, families and hugs  
because you have left him/her because of My kingdom,  
and I will NEVER forget it.

I will never forget anything you have voluntarily left  
because of Me,  
to find Me and rejoice in My glory.

So next time you hear your favorite song,  
listen to its rhythm and words.

Because through it I'm talking to you.

Play it right now and come to Me  
and follow Me,

because in life only the best things are waiting for you,  
nothing more beautiful than My love and closeness.

Follow Me,

and you will get everything in this life  
and in the life to come you will get eternal life.

Because I'm eternal

and eternally I am near Father

and with Father

and so it will be with you,

because as I said,

I will never leave you.

I am giving you the power to overcome everything in life  
and to achieve everything.

None of what you have achieved so far you haven't done alone.

I've always been there with you

and you have never experienced any of your grief or fears in life alone.

I've always been there with you

and always will.

I will never let your foot slip,

never a single hair on your head will fall

or turn grey without Me knowing about it

and giving My consent.

So much you are DEAR to Me.

Even your nerves do ask Me every day on

how they should work

and how should they manage your body

because everything is happening as I want

and nothing happens unless I know about it

or would not have given My consent.

There is nothing you could lose

unless I want to take it out of you.

And believe Me that I know perfectly and exactly  
why am I taking that thing or that person out of you.

So do believe Me.

Do not worry and follow Me.

I still think only about you,

I am never concerned with anything else

and so believe that I am leading you in the right way

in every time,

weather and age.

And now came the time when you all

will go back to Me gradually.

I'll take you all back to Me gradually.

And I will give you My kingdom.

I'll give you the Kingdom of Heaven.

Do not look for and do not want anything else.

Because this is the greatest thing.

I'll give you a glory which by Father has the begotten Son.

I want to give that glory just to you,

so that you can live it with Me

and through Me.

Prophets were looking for this glory

and found it.

Including Mohamed and Buddha

and all those others who were here before Me,

and after Me.

We all are here for one God

and for one thing.

For that love which He gives us

through Himself and through ourselves.

And that we also can live this love for a moment

and shine in it.

Shine through this love

or shine through Me

and I will be with you,

because I am the love,

the truth and the life,

and no other way leads to Father

except through Me because I am the love,

the truth and the life.

The truth of life does not lead through any other way  
except through Me.

And in Me

there is always you and Me.

I'll take you

and together we'll be walking again on stormy oceans

and silenced oceans

and we'll go wherever you've always wanted to go.

In America,

to the East,

to the West

or to another planets,

wherever you'll want to go,

you will always get there through Me and in Me.

Amen I say to you,

we are already there,

because I'll always fulfill everything what you wish for

before you even say it.

So just rejoice and come to live that joy with Me  
right now.

JUST now.

The time has come  
so that you all gradually and suddenly will go back to Me  
and I will guide you.

Because there is only one way into the Kingdom of God  
and it is through Me.

Amen I say to you,  
if you choose,  
today you will be with Me in paradise.

AND TODAY MEANS TODAY.

Because the paradise is in Me  
and the paradise is all that I patiently and carefully give you  
from My hand  
and all what you decide to experience fully and fully with Me.  
Then you will know not only the paradise,  
but much more,  
you will experience  
and you will know everything

that is behind the paradise.  
You'll know the infinite love  
that only Father has  
and that is in Father .....that is Me.

And one more thing I'll tell you.

Do not ever leave me.

I also never leave you.

I say this for your own good,

because this way you can experience all much better

and have much more pleasure from everything you do,

because I will guide you

and give you such a joy that your mind has never even thought about,  
but which your heart knows very well

and longs for it,

because it comes from Me.

So get up and come to experience this joy too

and enjoy being just with Me.

And I will give you to drink the water of an endless life

that is only at Me

and so you will never thirst again  
for love, friendship, freedom, for money or goods.  
You all will live in peace,  
Your soul will be fulfilled with silence and calm  
and you will never go to war against each other  
because I will be among you  
as a shining and a pure pillar  
as pure as snow-white snow-flakes  
that fall from the sky  
and from which you once rejoiced  
when you were children.  
Now please begin to rejoice from them again,  
now you can,  
I ask you to do so,  
please,  
because I will give you not only that,  
but I'll give you a lot more.  
But everything comes gradually  
and has it's time  
and for everything I have to slowly prepare you.

Therefore, get up and come just now,  
so that we do not waste our time.

Not that there is not enough time.

I am the eternity and all the time is in my hands.

But I say this

because I want you to rejoice right now through Me

and with Me now,

as soon as possible.

Because I can't wait to meet you again.

Once when you again understand

that I am always with you

and when you start to rejoice our love again with Me

and with each other.

Be with Me and you will never encounter anything bad again,

because I myself will always save you from everything

and protect you from everything.

So I said,

so I do it constantly

and forever

every day and minute,  
and every second of your time  
for always.

And I am waiting just for you,  
and I am only with YOU.

Love knows no rules.

Love knows only itself.

One day you will realize  
that you do not need in your life any rules.

But in the meantime,  
follow the rules.

Live according to those rules  
that are useful  
and serve the welfare of the whole society  
and the harmony of all living people,  
such as rules of law of a state,  
rules of education,  
but slowly do change them  
and adapt them

to make them fit to your needs  
(because the rules are there for you)  
and your path to Me.

One day  
and that day is quite close,  
you will realize  
that actually you do not need any rules  
and that the only thing in life which you need to follow  
is the love  
and is Me.

One day I will give you and open you senses,  
which you haven't known  
you have them.

I'll give you sight  
so that you could see for miles,  
and I will give you the sense of hearing  
thanks to which you will hear everything  
that utters in the Kingdom of Heaven.

Because I want you to know about everything,  
and I want you to follow Me.

### Chapter 3

When I once said I'd be here for everyone,

it is so

and it will be.

Everyone who comes to Me

will drink from the pure and endless waters

that are just by Me

and who I am.

I am the never ending one

and together with Me are you

who always looks at Me.

Will you build your house on sand

or build it on the rock?

Amen I say to you,

you've already built it on a rock

and that rock is Me.

There is no need to worry,

because everything is already done

and everything is already performed.

And I know everything,

I know everything  
and have everything,  
because I have everything at Father  
and from the Father.

He gave you to Me to lead you,  
you to love Me  
and Me to love you.

For through Me,  
the whole heavens rejoice,  
and everything belongs to Me  
and belongs to you.

Follow me.

You do not need anything else in life  
and you even do not want anything else.

Until you see me again,  
you will understand  
and recognize  
that I've been here always.

That I've been here always for you

and with you  
and that there has never been a single day  
when I haven't been here for you  
and with you.  
Only you didn't realize it.

I love you so much  
that you can't imagine it,  
but you can experience it.  
You can experience the love  
that descends from heaven at people  
and those who decide to recognize it,  
then the love will open their eyes and hearts.....

Open your hearts  
and I will fill them with love  
and wealth that do not rust.  
I will fill your hearts with a treasure  
that only heavenly children have by the Father.  
The Father is ours and we are in Him,

as I am in the Father.

And I put my love into your hearts

and you will rejoice once again from Me and in Me.

So as the kids do

before they grow up

and gradually forget everything.

Stop to deal with your problems

and their shortcomings

and look at Me,

look at the beauty around you,

look in the mirror

and believe

that I am there.

Who else would have otherwise given you all of this?

Who else would gave you so much of everything

without asking

and without pleading

if not my beloved and only Father

who sees you and knows exactly and always what you need

and what you want  
and also I do see it  
and I know it too  
and I am giving you all this today  
and every day.

Unfortunately only you do not realize it.

But this will end up soon.

You will again realize

that I am there,

that you belong to Me

and I belong to you

and you are in Me

and in Me we are together one

and the One is at the Father

and in the Father.

You are the only thing I have

and what I look at every day.

I have so much love, and yet

so many people don't want it,

so many of you reject it,  
and so many of you are trying to suppress it.  
You live in a sin or in a fear,  
but only in that love you do not live.  
If you lived in that love you wouldn't have nor sin or fear,  
nor passions which you are trying to cope with  
but without success.  
I do not condemn you for that  
you condemn yourself.  
All this time,  
all these years,  
you just quietly condemn yourself  
and destroy yourself and Me.  
You are destroying the love  
that you should have for Me  
till you have no love at all  
and then you try to find it somewhere else  
where it is not.

If you have turned and believed again

then you would cease to be prisoners in yourself  
and finally you would be free  
and while being free  
you could meet again with Me  
and you could rediscover the Father  
and restore everything again.

Restore yourself  
and discover Me.

I'm telling you that all the time,  
but you are not listening to me.

You are not hearing what you don't want to hear,  
and you are hearing what you don't need to hear.

But neither of these does not make sense to you  
and neither you will believe in  
because you do not understand  
it does not make sense to you  
because you are missing Me.

Because you really do not know Me at all  
because you have completely forgotten Me

throughout the years.

I do not condemn you

but you condemn yourselves and each other.

You condemn yourselves to a life of loneliness

and abandonment

and in the meanwhile you are saying

that you are looking for Me.

But you do not know Me

unless you really turn

and start seeking for Me again

truly and wholeheartedly.

I will allow you it

and someday

when you discover and discern Me again

you will understand the meaning of all of my words

and the sense of my words will be no longer hidden to you.

Everything is given to Me

and I want to give everything to you.

I want to give all to the world

to recognize Me again

and realize

where it is going

and what is its purpose.

I will not lose either one of you.

Sooner rather the heaven

and earth will pass away,

but I will never lose a single one of you,

so close you're to Me,

and yet you do not know about it

and do not even dream about it.

You should be more dreaming about Me

and be more vigilant,

do more of what makes you happy,

you shall be more seeking for Me on your journeys,

Me in your life,

Me wherever you look,

whether in good or in bad.

In what you hate

and in what you love.

Because both of it gives you my Heavenly Father.

Since both of it I give to you,

patiently and still

I am giving you everything

and I am just waiting until you start to come back to Me

and when your hearts will blossom again

and recognize again what is love,

what am I

and who am I,

and finally cease to have doubts.

Doubt is the worst thing.

Doubts are killing even the smallest

and the largest

as well as the first

and the last,

doubts are wrong,

and yet even doubts

come from Me.

I do not condemn this world

this world will soon condemn itself,  
if they do not start looking for Me again.

I am there.

I have regrets for all those multitudes  
which seek but do not find.

One day all will come  
and fall to their knees  
in front of Me  
and they will repent of their sins  
and I will make them free.

One day all will come  
and fall to their knees  
in front of Me  
because I am the only sovereign over everything  
and right,  
the only who is with the Father  
and the only who sees the Father  
and does the Father's will very day.

Do you think that I am not doing His will?

Do you think that when I left,

I stopped doing the Father's will?

And what am I doing every day?

Who is leading you every day?

Isn't it Me who leads you daily

slowly back to the Father?

Amen, I say to you,

one day we'll meet again.

Today we'll meet again.

Because we are meeting together daily.

I am in each of your breaths,

I'm in everything you have ever done

and in everything what they've ever decided for,

it is Me,

and I'll always be there.

Give Me everything you have

and I'll take it

and turn it.

I will change it again

as I changed myself.

Do not keep anything for yourself,  
nothing on then,  
give Me everything  
and I will turn it all  
and I will change it all.  
I will show you the light that is in Me  
and which illuminates everything that touches.  
And that light is Me.

Thank you for reading Words of Love.
